Document ID: MKT-001

Title: Marketing Workflow SOP

Version: 1.0

Department: Marketing

Effective Date: 2026-09-01

Scope: This approved Marketing Workflow SOP applies to Marketing workflows and supports role Sales Executive.

Requirement 1: Employees must complete the annual policy acknowledgement within 30 days of joining. For Sales Executive, this requirement applies to onboarding and role execution.

Requirement 2: Employees must use approved company systems for organizational work and records.

Requirement 3: Managers must review mandatory onboarding completion before independent work begins.

Requirement 4: Required training must be completed before access to restricted workflows is granted. For Sales Executive, this requirement applies to onboarding and role execution.

Requirement 5: The employee should document exceptions using the approved internal process.

Requirement 6: Mandatory records must be retained according to the current company retention schedule.

Requirement 7: Role holders must escalate unresolved exceptions through the documented escalation path. For Sales Executive, this requirement applies to onboarding and role execution.

Requirement 8: Employees must protect confidential company and customer information from unauthorized disclosure.

Cross-reference: See OPS-001 for related process guidance.
